This Prospectus provides important information about the Fund that you should know before investing. Please read it carefully and keep it for future reference.

These securities have not been approved or disapproved by the Securities and Exchange Commission nor has the Securities and Exchange Commission passed upon the accuracy or adequacy of this Prospectus. Any representation to the contrary is a criminal offense.

Beginning on January 1, 2021, as permitted by regulations adopted by the Securities and Exchange Commission, paper copies of the Fund's shareholder reports will no longer be sent by mail, unless you specifically request paper copies of the reports. Instead, the reports will be made available on the Fund's website www.pinnacledynamicfunds.com, and you will be notified by mail each time a report is posted and provided with a website link to access the report.

If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. You may elect to receive shareholder reports and other communications from the Fund electronically by contacting your financial intermediary (such as a broker-dealer or bank).

You may also elect to receive all future reports in paper free of charge. If you are a direct investor, you can inform the Fund or your financial intermediary that you wish to continue receiving paper copies of your shareholder reports by following the instructions included with paper Fund documents that have been mailed to you. Your election to receive reports in paper will apply to all funds held with the fund complex.

PINNACLE TRENDRATING INNOVATIVE EQUITY FUND SUMMARY

Investment Objective: The Pinnacle TrendRating Innovative Equity Fund (the “Fund”) seeks high total return.

Fees and Expenses of the Fund: This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund. You may qualify for sales charge discounts on purchases of Class A shares if you and your family invest, or agree to invest in the future, at least \$25,000 in the Fund. More information about these and other discounts is available from your financial professional and in **How to Purchase Shares** on page 9 of the Fund’s Prospectus.

Shareholder Fees (fees paid directly from your investment)	Class A	Class C	Class I
Maximum Sales Charge (Load) Imposed on purchases (as a percentage of offering price)	5.75%	None	None
Maximum Deferred Sales Charge (Load) (as a percentage of purchase price)	None	None	None
Redemption Fee (as a % of amount redeemed if held less than 60 days)	1.00%	1.00%	1.00%
Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment)			
Management Fees	0.75%	0.75%	0.75%
Distribution and Service (12b-1) Fees	0.25%	1.00%	None
Other Expenses	12.38%	12.38%	12.38%
Total Annual Fund Operating Expenses	13.38%	14.13%	13.13%
Fee Waiver ⁽¹⁾	(12.14)%	(12.14)%	(12.14)%
Total Annual Fund Operating Expenses After Fee Waiver	1.24%	1.99%	0.99%

(1) The Fund’s adviser, Pinnacle Family Advisors, LLC (the “Adviser”), has contractually agreed to waive management fees and to make payments to limit Fund expenses until January 31, 2021 so that the total annual operating expenses (excluding (i) any front-end or contingent deferred loads; (ii) brokerage fees and commissions; (iii) acquired fund fees and expenses; (iv) borrowing costs (such as interest and dividend expense on securities sold short), (v) taxes; and (vi) extraordinary expenses, such as litigation expenses (which may include indemnification of Fund officers and Trustees, contractual indemnification of Fund service providers (other than the Adviser))) of the Fund do not exceed 1.24%, 1.99% and 0.99% of average daily net assets attributable to Class A, Class C and Class I shares, respectively. These fee waivers and expense reimbursements are subject to possible recoupment from the Fund within three years after the fees have been waived or reimbursed if such recoupment can be achieved, within the foregoing expense limits or within the expense limits in place at the time of recoupment, whichever is lower. This agreement may be terminated only by the Board of Trustees on 60 days’ written notice to the Adviser.

Example: This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds. The numbers reflect the expense caps through the first year only.

The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that the Fund’s operating expenses remain the same. Although your actual costs may be higher or lower, based upon these assumptions your costs would be:

<u>Class</u>	<u>1 Year</u>	<u>3 Years</u>	<u>5 Years</u>	<u>10 Years</u>
A	\$694	\$3,096	\$5,113	\$8,849
C	\$202	\$2,853	\$5,043	\$8,989
I	\$101	\$2,615	\$4,736	\$8,703

Portfolio Turnover: The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the Example, affect the Fund’s performance. During the most recent fiscal period, the Fund’s portfolio turnover rate was 149% of the average value of its portfolio.

Principal Investment Strategies: Under normal market conditions, the Fund invests at least 95% of its assets (plus the amount of borrowing, if any) in equity securities. The Fund defines equity securities as common stock. The Fund invests in 25 of the 500 largest market capitalized common stocks, excluding ADRs, trading in the U.S. based on a rank given to each of these stocks by the Adviser every month. The Adviser ranks each stock using the TrendRating Smart Momentum Score ("SMS"), a proprietary system of TrendRating S.A., which considers 8 out of over 350 factors that TrendRating's research has determined to be the most effective in capturing medium to long term price trends ranging from a few months (medium term) to a few quarters (long term).

The SMS measures the strength of a trend for a given stock. Each stock is given an SMS between -3.0 and +3.0, where a score of +2.0-+3.0 indicates a strong bull trend and a score of +1.0-+2.0 indicates the beginning of a bull trend, whereas a score of -1.0--2.0 indicates the inception of a bear trend and a score of -2.0--3.0 indicates a strong bear trend. Based on the scoring, the Fund may be focused in certain sectors and industries. The importance of each factor to the SMS is adjusted on the last trading day of each month based on price patterns and volatility.

The 25 highest ranked stocks made up the Fund's initial portfolio. All valid positions (stocks maintaining a positive SMS) remaining from previous months maintain their allocation percentage up to 8% for any one stock, and any new holdings are equally weighted among the percentage available from stocks being removed. The Fund intends to be fully invested in 25 common stocks chosen through TrendRating's proprietary system. If there are not enough stocks with a positive SMS, the Fund may hold some of its assets in cash.

Principal Investment Risks: *As with all mutual funds, there is the risk that you could lose money through your investment in the Fund. The Fund is not intended to be a complete investment program. Many factors affect the Fund's net asset value ("NAV") and performance.*

- *Equity Risk:* Equity prices can fall rapidly in response to developments affecting a specific company or industry, or to changing economic, political or market conditions.
- *Industry Risk:* The Fund may focus its investments in an industry or group of industries that are vulnerable to adverse market, economic, regulatory, political or other developments affecting such industry or group of industries.
- *Issuer-Specific Risk:* The value of certain types of securities can be more volatile due to increased sensitivity to adverse issuer, political, regulatory, market, or economic developments.
- *Large Capitalization Risk:* Large-capitalization companies may be less able than smaller capitalization companies to adapt to changing market conditions. Large-capitalization companies may be more mature and subject to more limited growth potential compared with smaller capitalization companies. During different market cycles, the performance of large capitalization companies has trailed the overall performance of the broader securities markets.
- *Management Risk:* The Adviser's judgment about the attractiveness, value and potential appreciation of particular asset classes and securities in which the Fund invests (long or short) may prove to be incorrect and may not produce the desired results.
- *Market Risk:* Overall securities market risks may affect the value of individual instruments in which the Fund invests. Factors such as domestic and foreign economic growth and market conditions, interest rate levels, and political events affect the securities markets. When the value of the Fund's investments goes down, your investment in the Fund decreases in value and you could lose money.
- *Model Risk:* Like all quantitative analysis, the investment model carries a risk that the model might be based on one or more incorrect assumptions or may not perform as expected.
- *Portfolio Turnover Risk:* A higher portfolio turnover will result in higher transactional and brokerage costs.
- *Sector Risk:* The Fund may focus its investments in securities of a particular sector. Economic, legislative or regulatory developments may occur that significantly affect the sector. This may cause the Fund's NAV to fluctuate more than that of a fund that does not focus in a particular sector.

Performance: The bar chart and performance table below gives some indication of the risks of an investment in the Fund by comparing the Fund's performance with a broad measure of market performance. The bar chart shows performance of the Fund's Class I shares for each full calendar year since the Fund's inception. The performance table compares the performance of the Fund over time to the performance of a broad-based market index. You should be aware that the Fund's past performance (before and after taxes) may not be an indication of how the Fund will perform in the future. Although Class A and Class C shares have similar returns to Class I shares because the classes are invested in the same portfolio of securities, the returns for Class A and Class C shares are different from Class I shares because Class A and Class C shares have different expenses than Class I shares. Updated performance information is available at no cost by visiting www.pinnacledynamicfunds.com or by calling 1-888-985-9830.

Class I Performance Bar Chart For Calendar Year Ended December 31

Best Quarter:	3/31/19	9.85%
Worst Quarter:	9/30/19	(0.72%)

Performance Table
Average Annual Total Returns
(For periods ended December 31, 2019)

	One Year	Since Inception (12-3-18)
Class I shares		
Return before taxes	21.55%	14.74%
Return after taxes on distributions	21.09%	14.34%
Return after taxes on distributions and sale of Fund shares	12.84%	11.12%
Class A shares		
Return before taxes	14.58%	8.60%
Class C shares		
Return before taxes	21.55%	14.74%
S&P 500 Index⁽¹⁾ (reflects no deduction for fees, expenses or taxes)	28.88%	14.58%

(1) The S&P 500 Index is an unmanaged market capitalization-weighted index which is comprised of the largest U.S. domiciled companies and includes the reinvestment of all dividends. Investors may not invest in the Index directly; unlike the Fund's returns, the Index does not reflect any fees or expenses.

After-tax returns were calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on an investor's tax situation and may differ from those shown, and after-tax returns shown are not relevant to investors who hold shares of the Fund through tax-deferred arrangements, such as 401(k) plans or individual retirement accounts. After tax returns for the share classes which are not presented will vary from the after-tax returns of Class I shares.

Investment Adviser: Pinnacle Family Advisors, LLC.

Portfolio Managers: R. Sean McCurry is the Managing Member and President of the Adviser and Paul Carroll is the Chief Investment Officer and Chief Compliance Officer of the Adviser. Each has served the Fund as a portfolio manager since it commenced operations in December 2018.

Purchase and Sale of Fund Shares: You may purchase and redeem shares of the Fund on any day that the New York Stock Exchange is open for trading. The minimum initial investment in the Fund is \$2,000 for investors in Class A and Class C shares of the Fund. The minimum initial investment in the Fund is \$1,000,000 for investors in Class I shares of the Fund. The minimum subsequent investment is \$500 for Class A and Class C shares of the Fund. The minimum subsequent investment is \$5,000 for Class I shares of the Fund.

Tax Information: Dividends and capital gain distributions you receive from the Fund, whether you reinvest your distributions in additional Fund shares or receive them in cash, are taxable to you at either ordinary income or capital gains tax rates unless you are investing through a tax-deferred plan such as an IRA or 401(k) plan. However, these dividend and capital gain distributions may be taxable upon their eventual withdrawal from tax-deferred plans.

Payments to Broker-Dealers and Other Financial Intermediaries: If you purchase the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

ADDITIONAL INFORMATION ABOUT PRINCIPAL INVESTMENT STRATEGIES AND RELATED RISKS

Investment Objective: The Fund seeks high total return.

The Fund's investment objective, and its 95% investment policy, is a non-fundamental policy and may be changed without shareholder approval by the Board of Trustees (the "Board") upon 60 days' written notice to shareholders.

Principal Investment Strategies:

The Fund invests in 25 of the 500 largest market capitalized common stocks, excluding American Depositary Receipts, in the U.S. Each month, the adviser will rank the aforementioned common stocks using TrendRating's Smart Momentum Score ("SMS"), a proprietary system of TrendRating S.A., which considers the 8 factors it has selected from over 350 indicators it has determined to be the most effective in capturing medium term price trends ranging from a few months (medium term) to a few quarters (long term).

The SMS measures the strength of a trend for a given stock. Each stock is given an SMS between -3.0 and +3.0, where a score of +2.0-+3.0 indicates a strong bull trend and a score of +1.0-+2.0 indicates the beginning of a bull trend, whereas a score of -1.0--2.0 indicates the inception of a bear trend and a score of -2.0--3.0 indicates a strong bear trend. Based on the scoring, the Fund may be focused in certain sectors and industries. The importance of each factor to the SMS is adjusted on the last trading day of each month based on price patterns and volatility.

As a general rule, the adviser selects the highest ranking 25 stocks (with a score of +1.0 or higher) for inclusion in the portfolio based upon its SMS and retracement. Retracement is the temporary reversal in the direction of a stock's price that goes against the prevailing trend. In limited circumstances, the adviser may also make an adjustment to a specific security based upon liquidity assessments. Also, in extreme conditions, it is possible there will not be enough stocks in a bull trend to fulfill the portfolio, in which case cash may be held in those positions.

The adviser intends to hold valid positions with their current weighting, up to a maximum of 8% for any one position. Any new holdings will be equally weighted among the percentage available from stocks being removed.

Under normal market conditions, the Fund invests at least 95% of its assets (plus the amount of borrowings, if any) in equity securities. The Fund defines equity securities as common stock.

Principal Investment Risks:

The following risks apply to the Fund's investments.

- *Equity Risk:* The NAV of the Fund will fluctuate based on changes in the value of the equity securities held by the Fund that invest in U.S. and/or foreign equity securities. Equity prices can fall rapidly in response to developments affecting a specific company or industry, or to changing economic, political or market conditions.
- *Industry Risk:* The Fund may focus its investments in an industry or group of industries that are vulnerable to adverse market, economic, regulatory, political or other developments affecting such industry or group of industries.
- *Issuer-Specific Risk:* The value of a specific security can be more volatile than the market as a whole and can perform differently from the value of the market as a whole. The value of securities of smaller issuers can be more volatile than those of larger issuers. The value of certain types of securities can be more volatile due to increased sensitivity to adverse issuer, political, regulatory, market, or economic developments.
- *Large Capitalization Risk:* Large-capitalization companies may be less able than smaller capitalization companies to adapt to changing market conditions. Large-capitalization companies may be more mature and subject to more limited growth potential compared with smaller capitalization companies. During different market cycles, the performance of large capitalization companies has trailed the overall performance of the broader securities markets.
- *Management Risk:* The NAV of the Fund changes daily based on the performance of the securities and derivatives in which it invests. The adviser's judgments about the attractiveness, value and potential appreciation of particular asset classes and securities in which the Fund invests may prove to be incorrect and may not produce the desired results.

- **Market Risk:** The NAV of the Fund will fluctuate based on changes in the value of the securities and derivatives in which the Fund invests. The Fund invests in securities, which may be more volatile and carry more risk than some other forms of investment. The price of securities may rise or fall because of economic or political changes. Security prices in general may decline over short or even extended periods of time. Market prices of securities in broad market segments may be adversely affected by price trends in commodities, interest rates, exchange rates or other factors wholly unrelated to the value or condition of an issuer.
- **Model Risk:** Like all quantitative analysis, the investment model carries a risk that the proprietary ranking system and valuation model used might be based on one or more incorrect assumptions or may not perform as expected. Rapidly changing and unforeseen market dynamics could also lead to a decrease in short term effectiveness of the model.
- **Portfolio Turnover Risk:** A higher portfolio turnover will result in higher transactional and brokerage costs.
- **Sector Risk:** Sector concentration risk is the possibility that securities within the same sector will decline in price due to sector-specific market or economic developments. If the Fund invests more heavily in a particular sector, the value of its shares may be especially sensitive to factors and economic risks that specifically affect that sector. As a result, the Fund's share price may fluctuate more widely than the value of shares of a mutual fund that invests in a broader range of sectors. Additionally, some sectors could be subject to greater government regulation than other sectors. Therefore, changes in regulatory policies for those sectors may have a material effect on the value of securities issued by companies in those sectors.

Temporary Investments: To respond to adverse market, economic, political or other conditions, the Fund may invest 100% of its total assets, without limitation, in high-quality short-term debt securities and money market instruments. These short-term debt securities and money market instruments include: shares of money market mutual funds, commercial paper, certificates of deposit, bankers' acceptances, U.S. Government securities and repurchase agreements. While the Fund is in a defensive position, the opportunity to achieve its investment objective will be limited. Furthermore, to the extent that the Fund invests in money market mutual funds for cash positions, there will be some duplication of expenses because shareholders will pay the fees and expenses of the Fund and, indirectly, the fees and expenses of the underlying money market funds. The Fund may also invest a substantial portion of its assets in such instruments at any time to maintain liquidity or pending selection of investments in accordance with its policies.

Portfolio Holdings Disclosure: A description of the Fund's policies regarding the release of portfolio holdings information is available in the Fund's Statement of Additional Information ("SAI").

Cybersecurity: The computer systems, networks and devices used by the Fund and its service providers to carry out routine business operations employ a variety of protections designed to prevent damage or interruption from computer viruses, network failures, computer and telecommunication failures, infiltration by unauthorized persons and security breaches. Despite the various protections utilized by the Fund and its service providers, systems, networks, or devices potentially can be breached. The Fund and its shareholders could be negatively impacted as a result of a cybersecurity breach.

Cybersecurity breaches can include unauthorized access to systems, networks, or devices; infection from computer viruses or other malicious software code; and attacks that shut down, disable, slow, or otherwise disrupt operations, business processes, or website access or functionality. Cybersecurity breaches may cause disruptions and impact the Fund's business operations, potentially resulting in financial losses; interference with the Fund's ability to calculate its NAV; impediments to trading; the inability of the Fund, the Adviser, and other service providers to transact business; violations of applicable privacy and other laws; regulatory fines, penalties, reputational damage, reimbursement or other compensation costs, or additional compliance costs; as well as the inadvertent release of confidential information.

Similar adverse consequences could result from cybersecurity breaches affecting issuers of securities in which the Fund invests; counterparties with which the Fund engages in transactions; governmental and other regulatory authorities; exchange and other financial market operators, banks, brokers, dealers, insurance companies, and other financial institutions (including financial intermediaries and service providers for each Fund's shareholders); and other parties. In addition, substantial costs may be incurred by these entities in order to prevent any cybersecurity breaches in the future.

MANAGEMENT

Investment Adviser: Pinnacle Family Advisors, LLC (the “Adviser”), 620 W. Republic Road, Suite 104, Springfield, MO 65807, serves as investment adviser to the Fund. Subject to the oversight of the Board of Trustees, the Adviser is responsible for management of the Fund’s investment portfolio. The Adviser is responsible for assuring that investments are made according to the Fund’s investment objective, policies and restrictions. The Adviser was established in 2007 for the purpose of advising individuals and institutions. As of September 30, 2019, the Adviser had approximately \$203 million in assets under management.

Pursuant to an investment advisory agreement with the Trust, on behalf of the Fund, the Adviser is entitled to receive, on a monthly basis, an annual advisory fee equal to 0.75% of the Fund’s average daily net assets. The Adviser has contractually agreed to waive management fees and to make payments to limit Fund expenses, at least until January 31, 2021, so that the total annual operating expenses (excluding (i) any front-end or contingent deferred loads; (ii) brokerage fees and commissions; (iii) acquired fund fees and expenses; (iv) borrowing costs (such as interest and dividend expense on securities sold short), (v) taxes; and (vi) extraordinary expenses, such as litigation expenses (which may include indemnification of Fund officers and Trustees, contractual indemnification of Fund service providers (other than the Adviser))) of the Fund does not exceed 1.24% of average daily net assets attributable to Class A shares, 1.99% of average daily net assets attributable to Class C shares, and 0.99% of average daily net assets attributable to Class I shares. These fee waivers and expense reimbursements are subject to possible recoupment from the Fund within three years after the fees have been waived or reimbursed if such recoupment can be achieved within the foregoing expense limits or within the expense limits in place at the time of recoupment, whichever is lower. This agreement may be terminated only by the Board of Trustees on 60 days’ written notice to the Adviser. A discussion regarding the basis for the Board of Trustees’ approval of the advisory agreement is available in the Fund’s semi-annual report to shareholders dated March 31, 2019. During the fiscal period ended September 30, 2019, the Fund paid an aggregate of 0% of its average net assets in advisory fees to the Adviser (after fee waivers).

Portfolio Managers: The Fund is managed on a day to day basis by R. Sean McCurry and Paul Carroll (the “Portfolio Managers”). The SAI provides additional information about each portfolio manager’s compensation, other accounts managed by the Portfolio Managers, and the Portfolio Managers’ ownership in the Fund.

R. Sean McCurry has been the Managing Member and President of the Adviser since 2008. Mr. McCurry also previously served as a financial adviser and branch manager for Raymond James Financial Services from January 1999 to December 2007.

Paul Carroll has been the Chief Investment Officer and Chief Compliance officer of the Adviser since 2008. Mr. Carroll also served as a financial adviser for Raymond James Financial Services from December 2005 to November 2008, and with Wachovia Securities from February 2000 to December 2005.

HOW SHARES ARE PRICED

Shares of the Fund are sold at NAV. The NAV of the Fund is determined at close of regular trading (normally 4:00 p.m. Eastern Time) on each day the New York Stock Exchange (“NYSE”) is open for business. NAV is computed by determining, on a per class basis, the aggregate market value of all assets of the Fund, less its liabilities, divided by the total number of shares outstanding ((assets-liabilities)/number of shares = NAV). The NYSE is closed on weekends and New Year’s Day, Martin Luther King, Jr. Day, Presidents’ Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day. The NAV takes into account, on a per class basis, the expenses and fees of the Fund, including management, administration, and distribution fees, which are accrued daily. The determination of NAV for a share class for a particular day is applicable to all applications for the purchase of shares, as well as all requests for the redemption of shares, received by the Fund (or an authorized broker or agent, or its authorized designee) before the close of trading on the NYSE on that day.

Generally, the Fund’s securities are valued each day at the last quoted sales price on each security’s primary exchange. Securities traded or dealt in upon one or more securities exchanges (whether domestic or foreign) for which market quotations are readily available and not subject to restrictions against resale shall be valued at the last quoted sales price on the primary exchange or, in the absence of a sale on the primary exchange, at the mean between the current bid ask prices on such exchanges. Securities primarily traded in the National Association of Securities Dealers’ Automated Quotation System (“NASDAQ”) National Market System for which market quotations are readily available shall be valued using the NASDAQ Official Closing Price. Securities that are not traded or dealt in any securities exchange (whether domestic or foreign) and for which over-the-counter market quotations are readily available generally shall be valued at the last sale price or, in the absence of a sale, at the mean between the current bid and ask price on such over-the-counter market. Debt securities not traded on an exchange may be valued at prices supplied by a pricing agent(s) based on broker or dealer supplied valuations or matrix pricing, a method of valuing securities by reference to the value of other securities with similar characteristics, such as rating, interest rate and maturity.

If market quotations are not readily available, securities will be valued at their fair market value as determined using the “fair value” procedures approved by the Board. Fair value pricing involves subjective judgments and it is possible that the fair value determined for a security may be materially different from the value that could be realized upon the sale of that security. The fair value prices can differ from market prices when they become available or when a price becomes available. The Board has delegated execution of these procedures to a fair value committee composed of one or more officers from each of the (i) Trust, (ii) administrator, and (iii) Adviser. The committee may also enlist third party consultants such as an audit firm or financial officer of a security issuer on an as-needed basis to assist in determining a security-specific fair value. The Board reviews and ratifies the execution of this process and the resultant fair value prices at least quarterly to assure the process produces reliable results.

The Fund may use independent pricing services to assist in calculating the value of the Fund’s securities. In addition, market prices for foreign securities are not determined at the same time of day as the NAV for the Fund. Because the Fund may invest in underlying ETFs which hold portfolio securities primarily listed on foreign exchanges, and these exchanges may trade on weekends or other days when the underlying ETFs do not price their shares, the value of some of the Fund’s portfolio securities may change on days when you may not be able to buy or sell Fund shares.

In computing the NAV, the Fund values foreign securities held by the Fund at the latest closing price on the exchange in which they are traded immediately prior to closing of the NYSE. Prices of foreign securities quoted in foreign currencies are translated into U.S. dollars at current rates. If events materially affecting the value of a security in the Fund’s portfolio, particularly foreign securities, occur after the close of trading on a foreign market but before the Fund prices its shares, the security may be priced using alternative market prices provided by a pricing service. For example, if trading in a portfolio security is halted and does not resume before the Fund calculates its NAV, alternative market prices may be used to value the security. Without a fair value price, short-term traders could take advantage of the arbitrage opportunity and dilute the NAV of long-term investors. Fair valuation of the Fund’s portfolio securities can serve to reduce arbitrage opportunities available to short-term traders, but there is no assurance that fair value pricing policies will prevent dilution of the Fund’s NAV by short term traders. The determination of fair value involves subjective judgments. As a result, using fair value to price a security may result in a price materially different from the prices used by other mutual funds to determine NAV, or from the price that may be realized upon the actual sale of the security.

With respect to any portion of the Fund’s assets that are invested in one or more open-end management investment companies registered under the Investment Company Act of 1940, as amended, the Fund’s NAV is calculated based upon the NAVs of those open-end management investment companies, and the prospectuses for these companies explain the circumstances under which those companies will use fair value pricing and the effects of using fair value pricing.

HOW TO PURCHASE SHARES

Share Classes

This Prospectus describes three classes of shares offered by the Fund (Class A, Class C and Class I). The Fund offers these classes of shares so that you can choose the class that best suits your investment needs. Refer to the information below so that you can choose the class that best suits your investment needs. The main differences between each class are sales charges, ongoing fees and minimum investment. For information on ongoing distribution fees, see **Distribution Fees** on page 16 of this Prospectus. Each class of shares in the Fund represents interest in the same portfolio of investments within the Fund. There is no investment minimum on reinvested distributions and the Fund may change investment minimums at any time. The Fund reserves the right to waive sales charges, as described below. The Fund and the Adviser may each waive investment minimums at their individual discretion. Not all share classes may be available for purchase in all states.

Factors to Consider When Choosing a Share Class

When deciding which class of shares of the Fund to purchase, you should consider your investment goals, present and future amounts you may invest in the Fund, and the length of time you intend to hold your shares. To help you make a determination as to which class of shares to buy, please refer back to the examples of the Fund's expenses over time in the **Fees and Expenses of the Fund** section for the Fund in this Prospectus. You also may wish to consult with your financial adviser for advice with regard to which share class would be most appropriate for you.

Class A Shares

Class A shares are offered at their public offering price, which is NAV plus the applicable sales charge and is subject to 12b-1 distribution fees of up to 0.25% of the average daily net assets of Class A shares. There are no sales charges on reinvested distributions. The minimum initial investment in Class A shares of the Fund is \$2,000 for all accounts. The minimum subsequent investment in Class A shares of the Fund is \$500 for all accounts. A 5.75% sales charge applies to your purchase of Class A shares of the Fund. A dealer allowance, in the amounts indicated in the table below, is the portion of the sales load paid by the Distributor to the selling broker-dealer.

Amount Invested	Sales Charge as a % of Offering Price	Sales Charge as a % of Amount Invested	Dealer Reallowance
Under \$25,000	5.75%	6.10%	5.00%
\$25,000 to \$49,999	5.00%	5.26%	4.25%
\$50,000 to \$99,999	4.75%	4.99%	4.00%
\$100,000 to \$249,999	3.75%	3.83%	3.25%
\$250,000 to \$499,999	2.50%	2.56%	2.00%
\$500,000 to \$999,999	2.00%	2.04%	1.75%
\$1,000,000 and above	1.00%	1.01%	1.00%

How to Reduce Your Sales Charge - You may be eligible to purchase Class A shares at a reduced sales charge. To qualify for these reductions, you must notify the Fund's distributor, Northern Lights Distributors, LLC (the "Distributor"), in writing and supply your account number at the time of purchase. You may combine your purchase with those of your "immediate family" (your spouse and your children under the age of 21) for purposes of determining eligibility. If applicable, you will need to provide the account numbers of your spouse and your minor children as well as the ages of your minor children.

Rights of Accumulation - To qualify for the lower sales charge rates that apply to larger purchases of Class A shares, you may combine your new purchases of Class A shares with Class A shares of the Fund that you already own. The applicable initial sales charge for the new purchase is based on the total of your current purchase and the current value of all other Class A shares that you own. The reduced sales charge will apply only to current purchases and must be requested in writing when you buy your shares.

Shares of the Fund held as follows cannot be combined with your current purchase for purposes of reduced sales charges:

- Shares held indirectly through financial intermediaries other than your current purchase broker-dealer (for example, a different broker-dealer, a bank, a separate insurance company account or an investment adviser);
- Shares held through an administrator or trustee/custodian of an Employer Sponsored Retirement Plan (for example, a 401(k) plan) other than employer-sponsored IRAs; and
- Shares held directly in the Fund account on which the broker-dealer (financial adviser) of record is different than your current purchase broker-dealer.

Letters of Intent - Under a Letter of Intent (“LOI”), you commit to purchase a specified dollar amount of Class A shares of the Fund, with a minimum of \$25,000, during a 13-month period. The 13-month period begins upon the date of the LOI. At your written request, Class A shares purchases made during the 90 days prior to LOI may be included. The amount you agree to purchase determines the initial sales charge you pay. If the full-face amount of the LOI is not invested by the end of the 13-month period, your account will be adjusted to the higher initial sales charge level for the amount actually invested. You are not legally bound by the terms of your LOI to purchase the amount of your shares stated in the LOI. The LOI does, however, authorize the Funds to hold in escrow 5% of the total amount you intend to purchase. If you do not complete the total intended purchase at the end of the 13-month period, the Fund’s transfer agent will redeem the necessary portion of the escrowed shares to make up the difference between the reduced rate sales charge (based on the amount you intended to purchase) and the sales charge that would normally apply (based on the actual amount you purchased).

Repurchase of Class A Shares - If you have redeemed Class A shares of the Fund within the past 120 days, you may repurchase an equivalent amount of Class A shares of the Fund at NAV, without the normal front-end sales charge. In effect, this allows you to reacquire shares that you may have had to redeem, without repaying the front-end sales charge. You may exercise this privilege only once and must notify the Funds that you intend to do so in writing. The Fund must receive your purchase order within 120 days of your redemption. Note that if you reacquire shares through separate installments (e.g., through monthly or quarterly repurchases), the sales charge waiver will only apply to those portions of your repurchase order received within 120 days of your redemption. The redemption and repurchase of Fund shares may still result in a tax liability for federal income tax purposes.

Sales Charge Waivers

The sales charge on purchases of Class A shares is waived for certain types of investors, including:

- Current and retired directors and officers of the Fund sponsored by the Adviser or any of its subsidiaries, their families (e.g., spouse, children, mother or father) and any purchases referred through the Adviser.
- Employees of the Adviser and their families, or any full-time employee or registered representative of the distributor or of broker-dealers having dealer agreements with the distributor (a “Selling Broker”) and their immediate families (or any trust, pension, profit sharing or other benefit plan for the benefit of such persons).
- Any full-time employee of a bank, savings and loan, credit union or other financial institution that utilizes a Selling Broker to clear purchases of the Fund’s shares and their immediate families.
- Participants in certain “wrap-fee” or asset allocation programs or other fee-based arrangements sponsored by broker-dealers and other financial institutions that have entered into agreements with the Distributor.
- Clients of financial intermediaries that have entered into arrangements with the Distributor providing for the shares to be used in particular investment products made available to such clients and for which such registered investment advisers may charge a separate fee.
- Institutional investors (which may include bank trust departments and registered investment advisers).
- Any accounts established on behalf of registered investment advisers or their clients by broker-dealers that charge a transaction fee and that have entered into agreements with the Distributor.
- Separate accounts used to fund certain unregistered variable annuity contracts or Section 403(b) or 401(a) or (k) accounts.
- Employer-sponsored retirement or benefit plans with total plan assets in excess of \$5 million where the plan’s investments in the Funds are part of an omnibus account. A minimum initial investment of \$1 million in a Fund is required. The Distributor in its sole discretion may waive these minimum dollar requirements.
- Individuals reinvesting proceeds from the sale of shares of affiliated funds where those shares were subject to a front-end sales charge (sometimes called an “NAV transfer”).

Whether a sales charge waiver is available for your retirement plan or charitable account depends upon the policies and procedures of your intermediary. Please consult your financial adviser for further information.

Class C Shares

Class C shares of the Fund are offered at their NAV without an initial sales charge. This means that 100% of your initial investment is placed into shares of the Fund. Class C shares pay 1.00% on an annualized basis of their average daily net assets as reimbursement or compensation for service and distribution related activities with respect to the Fund and/or shareholder services (also known as “12b-1 fees”). Over time, fees paid under this distribution and service plan will increase the cost of a Class C shareholder’s investment and may cost more than other types of sales charges. The minimum initial investment in Class C shares of the Fund is \$2,000 for all accounts. The minimum subsequent investment in Class C shares of the Fund is \$500 for all accounts.

Class I Shares

Class I shares of the Fund are sold at NAV without an initial sales charge and are not subject to 12b-1 distribution fees. This means that 100% of your initial investment is placed into shares of the Fund. Class I shares require a minimum initial investment of \$1,000,000 and the minimum subsequent investment is \$5,000.

Class I Shares may also be available on certain brokerage platforms. An investor transacting in Class I Shares through a broker acting as an agent for the investor may be required to pay a commission and/or other forms of compensation to the broker.

Class I shares are available to certain institutional investors, and directly to certain individual investors as set forth below:

- Institutional Investors may include, but are not limited to, corporations, retirement plans, foundations/endowments and investors who purchase through a wrap account offered through a selling group member that enters into a wrap fee program agreement with the Distributor.
- Individual Investors include trustees, officers and employees of the Trust and its affiliates, and immediate family members of all such persons.
- Clients of the Adviser or purchases referred through the Adviser.
- Investors on certain brokerage platforms.

For accounts sold through financial intermediaries, it is the primary responsibility of the financial intermediary to ensure compliance with eligibility requirements such as investor type and investment minimums. An investor transacting through a broker acting as an agent for the investor may be required to pay a commission and/or other forms of compensation to the broker. The Fund may change investment minimums at any time. The Fund and the Adviser may each waive investment minimums at their individual discretion. Class I shares may not be available for purchase in all states.

You may purchase shares of the Fund by sending a completed application form to the following address:

Regular Mail
Pinnacle TrendRating Innovative Equity Fund
c/o Gemini Fund Services, LLC
P.O. Box 541150
Omaha, Nebraska 68154

Express/Overnight Mail

The USA PATRIOT Act requires financial institutions, including the Fund, to adopt certain policies and programs to prevent money-laundering activities, including procedures to verify the identity of customers opening new accounts. As requested on the Application, you should supply your full name, date of birth, social security number and permanent street address. Mailing addresses containing a P.O. Box will not be accepted. This information will assist the Fund in verifying your identity. Until such verification is made, the Fund may temporarily limit additional share purchases. In addition, the Fund may limit additional share purchases or close an account if it is unable to verify a shareholder’s identity. As required by law, the Fund may employ various procedures, such as comparing the information to fraud databases or requesting additional information or documentation from you, to ensure that the information supplied by you is correct.

Purchase through Brokers: You may invest in the Fund through brokers or agents who have entered into selling agreements with the Fund’s distributor. The brokers and agents are authorized to receive purchase and redemption orders on behalf of the Fund. Such brokers are authorized to designate other intermediaries to receive purchase and redemption orders on the Fund’s behalf. The Fund will be deemed to have received a purchase or redemption order when an authorized broker or, if applicable, a brokers authorized designee receives the order. The broker or agent may set their own initial and subsequent investment minimums. You may be charged a fee if you use a broker or agent to buy or redeem shares of the Fund. Finally, various servicing agents use procedures and impose restrictions that may be in addition to, or different from those applicable to investors purchasing shares directly from the Fund. You should carefully read the program materials provided to you by your servicing agent.

Purchase by Wire: If you wish to wire money to make an investment in the Fund, please call the Fund at 1-888-985-9830 for wiring instructions and to notify the Fund that a wire transfer is coming. Any commercial bank can transfer same-day funds via wire. The Fund will normally accept wired funds for investment on the day received if they are received by the Fund's designated bank before the close of regular trading on the NYSE. Your bank may charge you a fee for wiring same-day funds.

Transactions through www.pinnacledynamicfunds.com: You may purchase the Fund's shares and redeem the Fund's shares through the website www.pinnacledynamicfunds.com. To establish Internet transaction privileges you must enroll through the website. You automatically have the ability to establish Internet transaction privileges unless you decline the privileges on your New Account Application or IRA Application. You will be required to enter into a user's agreement through the website in order to enroll in these privileges. In order to conduct Internet transactions, you must have telephone transaction privileges. To purchase shares through the website you must also have ACH instructions on your account.

Redemption proceeds may be sent to you by check to the address of record, or if your account has existing bank information, by wire or ACH. Only bank accounts held at domestic financial institutions that are ACH members can be used for transactions through the website. Transactions through the website are subject to the same minimums as other transaction methods.

You should be aware that the Internet is an unsecured, unstable, unregulated and unpredictable environment. Your ability to use the website for transactions is dependent upon the Internet and equipment, software, systems, data and services provided by various vendors and third parties. While the Funds and their service providers have established certain security procedures, the Funds, their distributor and their transfer agent cannot assure you that trading information will be completely secure.

There may also be delays, malfunctions, or other inconveniences generally associated with this medium. There also may be times when the website is unavailable for Fund transactions or other purposes. Should this happen, you should consider purchasing or redeeming shares by another method. Neither the Funds nor their transfer agent, distributor nor Adviser will be liable for any such delays or malfunctions or unauthorized interception or access to communications or account information.

Automatic Investment Plan: You may participate in the Fund's Automatic Investment Plan, an investment plan that automatically moves money from your bank account and invests it in the respective Fund through the use of electronic funds transfers or automatic bank drafts. You may elect to make subsequent investments by transfers of a minimum of \$50 on specified days of each month into your established Fund account. Please contact the Fund at 1-888-985-9830 for more information about the Fund's Automatic Investment Plan.

The Fund, however, reserves the right, in its sole discretion, to reject any application to purchase shares. Applications will not be accepted unless they are accompanied by a check drawn on a U.S. bank, thrift institutions, or credit union in U.S. funds for the full amount of the shares to be purchased. After you open an account, you may purchase additional shares by internet or by sending a check together with written instructions stating the name(s) on the account and the account number, to the above address. Make checks payable to "Pinnacle TrendRating Innovative Equity Fund." The Fund will not accept payment in cash, cashier's checks or money orders. Also, to prevent check fraud, the Fund will not accept third party checks, U.S. Treasury checks, credit cards, credit card checks or starter checks for the purchase of shares. Redemptions of Shares of the Fund purchased by check may be subject to a hold period until the check has been cleared by the issuing bank. To avoid such holding periods, Shares may be purchased through a broker or by wire, as described in this section.

Note: Gemini Fund Services, LLC, the Fund's transfer agent, will charge a \$25 fee against a shareholder's account, in addition to any loss sustained by a Fund, for any check returned to the transfer agent for insufficient funds.

When Order is Processed: All shares will be purchased at the NAV per share (plus applicable sales charges, if any) next determined after the Fund receives your application or request in good order. All requests received in good order by a Fund before 4:00 p.m. (Eastern Time) will be processed on that same day. Requests received after 4:00 p.m. will be processed on the next business day.

Good Order: When making a purchase request, make sure your request is in good order. "Good order" means your purchase request includes:

- the name of the Fund and share class;
- the dollar amount of shares to be purchased;
- a completed purchase application or investment stub; and
- check payable to the "Pinnacle TrendRating Innovative Equity Fund."

Retirement Plans: You may purchase shares of the Fund for your individual retirement plans. Please call the Fund at 1-888-985-9830 for the most current listing and appropriate disclosure documentation on how to open a retirement account.

HOW TO REDEEM SHARES

Redeeming Shares: The Fund typically expects that it will take up to 3 business days following the receipt of your redemption request to pay out redemption proceeds by check or electronic transfer. The Fund typically expects to pay redemptions from cash, cash equivalents, proceeds from the sale of Fund shares, and then from the sale of portfolio securities. These redemption payment methods will be used in regular and stressed market conditions. You may redeem all or any portion of the shares credited to your account by submitting a written request for redemption to:

Regular Mail
Pinnacle TrendRating Innovative Equity Fund
c/o Gemini Fund Services, LLC
P.O. Box 541150
Omaha, Nebraska 68154

Express/Overnight Mail
Pinnacle TrendRating Innovative Equity Fund
c/o Gemini Fund Services, LLC
4221 North 203rd Street, Suite 100
Elkhorn, Nebraska 68022-3474

Redemptions by Telephone: The telephone redemption privilege is automatically available to all new accounts except retirement accounts. If you do not want the telephone redemption privilege, you must indicate this in the appropriate area on your account application or you must write to the Fund and instruct it to remove this privilege from your account.

The proceeds will be sent by mail to the address designated on your account or wired directly to your existing account in a bank or brokerage firm in the United States as designated on your application. To redeem by telephone, call 1-888-985-9830. IRA accounts are not redeemable by telephone.

The Fund reserves the right to suspend the telephone redemption privileges with respect to your account if the name(s) or the address on the account has been changed within the previous 30 days. Neither the Fund, the transfer agent, nor their respective affiliates will be liable for complying with telephone instructions they reasonably believe to be genuine or for any loss, damage, cost or expenses in acting on such telephone instructions and you will be required to bear the risk of any such loss. The Fund or the transfer agent, or both, will employ reasonable procedures to determine that telephone instructions are genuine. If the Fund and/or the transfer agent do not employ these procedures, they may be liable to you for losses due to unauthorized or fraudulent instructions. These procedures may include, among others, requiring forms of personal identification prior to acting upon telephone instructions, providing written confirmation of the transactions and/or tape recording telephone instructions.

Redemptions through Broker: If shares of the Fund are held by a broker-dealer, financial institution or other servicing agent, you must contact that servicing agent to redeem shares of the Fund. The servicing agent may charge a fee for this service.

Redemptions by Wire: You may request that your redemption proceeds be wired directly to your bank account. The Fund's transfer agent imposes a \$15 fee for each wire redemption and deducts the fee directly from your account. Your bank may also impose a fee for the incoming wire.

Automatic Withdrawal Plan: If your individual accounts, IRA or other qualified plan account have a current account value of at least \$10,000, you may participate in the Fund's Automatic Withdrawal Plan, an investment plan that automatically moves money to your bank account from the Fund through the use of electronic funds transfers. You may elect to make subsequent withdrawals by transfers of a minimum of \$50 on specified days of each month into your established bank account. Please contact the Fund at 1-888-985-9830 for more information about the Fund's Automatic Withdrawal Plan.

Redemptions in Kind: The Fund reserves the right to honor requests for redemption or repurchase orders by making payment in whole or in part in readily marketable securities ("redemption in kind") if the amount is greater than the lesser of \$250,000 or 1% of the Fund's assets. The securities will be chosen by the Fund and valued under the Fund's NAV procedures. To the extent feasible, the Fund will make a pro-rata distribution of its securities. A shareholder will be exposed to market risk until these securities are converted to cash and may incur transaction expenses in converting these securities to cash.

When Redemptions are Sent: Once the Fund receives your redemption request in "good order" as described below, it will issue a check based on the next determined NAV following your redemption request. If you purchase shares using a check and soon after request a redemption, your redemption proceeds, which are payable at the next determined NAV following the receipt your redemption request in "good order", as described below, will not be sent until the check used for your purchase has cleared your bank.

Good Order: Your redemption request will be processed if it is in “good order.” To be in good order, the following conditions must be satisfied:

- The request should be in writing, unless redeeming by telephone, indicating the number of shares or dollar amount to be redeemed;
- The request must identify your account number;
- The request should be signed by you and any other person listed on the account, exactly as the shares are registered; and
- If you request that the redemption proceeds be sent to a person, bank or an address other than that of record or paid to someone other than the record owner(s), or if the address was changed within the last 30 days, or if the proceeds of a requested redemption exceed \$50,000, the signature(s) on the request must be medallion signature guaranteed by an eligible signature guarantor.

Redemption Fee: The Fund will deduct a 1.00% redemption fee on your redemption amount if you sell your shares within 60 days of purchase. Shares held longest will be treated as being redeemed first and shares held shortest as being redeemed last. Shares held for 60 days or more are not subject to the 1.00% fee. Redemption fees are paid to the Fund directly and are designed to offset costs associated with fluctuations in Fund asset levels and cash flow caused by short-term shareholder trading.

Waivers of Redemption Fees: The Fund has elected not to impose the redemption fee for:

- redemptions and exchanges of Fund shares acquired through the reinvestment of dividends and distributions;
- certain types of redemptions and exchanges of Fund shares owned through participant-directed retirement plans;
- redemptions or exchanges in discretionary asset allocation, fee based or wrap programs (“wrap programs”) that are initiated by the sponsor/financial adviser as part of a periodic rebalancing;
- redemptions or exchanges in a fee based or wrap program that are made as a result of a full withdrawal from the wrap program or as part of a systematic withdrawal plan;
- involuntary redemptions, such as those resulting from a shareholder’s failure to maintain a minimum investment in the Fund, or to pay shareholder fees; or
- other types of redemptions as the Adviser or the Trust may determine in special situations and approved by the Trust’s or the Adviser’s Chief Compliance Officer.

When You Need Medallion Signature Guarantees: If you wish to change the bank or brokerage account that you have designated on your account, you may do so at any time by writing to the Fund with your signature guaranteed. A medallion signature guarantee assures that a signature is genuine and protects you from unauthorized account transfers. You will need your signature guaranteed if:

- you request a redemption to be made payable to a person not on record with the Fund;
- you request that a redemption be mailed to an address other than that on record with the Fund;
- the proceeds of a requested redemption exceed \$50,000;
- any redemption is transmitted by federal wire transfer to a bank other than the bank of record; or
- your address was changed within 30 days of your redemption request.

Signatures may be guaranteed by any eligible guarantor institution (including banks, brokers and dealers, credit unions, national securities exchanges, registered securities associations, clearing agencies and savings associations). Further documentation will be required to change the designated account if shares are held by a corporation, fiduciary or other organization. *A notary public cannot guarantee signatures.*

Retirement Plans: If you own an IRA or other retirement plan, you must indicate on your redemption request whether the Funds should withhold federal income tax. Unless you elect in your redemption request that you do not want to have federal tax withheld, the redemption will be subject to withholding.

Low Balances: If at any time your account balance in the Fund falls below \$250, the Fund may notify you that, unless the account is brought up to at least \$250 within 60 days of the notice; your account could be closed. After the notice period, the Fund may redeem all of your shares and close your account by sending you a check to the address of record. Your account will not be closed if the account balance drops below \$250 due to a decline in NAV.

FREQUENT PURCHASES AND REDEMPTIONS OF FUND SHARES

The Fund discourages and does not accommodate market timing. Frequent trading into and out of the Fund can harm all Fund shareholders by disrupting the Fund's investment strategies, increasing Fund expenses, decreasing tax efficiency and diluting the value of shares held by long-term shareholders. The Fund is designed for long-term investors and is not intended for market timing or other disruptive trading activities. Accordingly, the Board has approved policies that seek to curb these disruptive activities while recognizing that shareholders may have a legitimate need to adjust their Fund investments as their financial needs or circumstances change. The Fund currently uses several methods to reduce the risk of market timing. These methods include, but are not limited to:

- Committing staff to review, on a continuing basis, recent trading activity in order to identify trading activity that may be contrary to the Fund's Market Timing Trading Policy; and
- Assessing a 1% redemption fee for shares sold less than 60 days after purchase.

Though these methods involve judgments that are inherently subjective and involve some selectivity in their application, the Fund seeks to make judgments and applications that are consistent with the interests of the Fund's shareholders.

Based on the frequency of redemptions in your account, the Adviser or transfer agent may in its sole discretion determine that your trading activity is detrimental to the Fund as described in the Fund's Market Timing Trading Policy and elect to (i) reject or limit the amount, number, frequency or method for requesting future purchases into the Fund and/or (ii) reject or limit the amount, number, frequency or method for requesting future exchanges or redemptions out of the Fund.

The Fund reserves the right to reject or restrict purchase requests for any reason, particularly when the shareholder's trading activity suggests that the shareholder may be engaged in market timing or other disruptive trading activities. Neither the Fund nor the Adviser will be liable for any losses resulting from rejected purchase orders. The Adviser may also bar an investor who has violated these policies (and the investor's financial adviser) from opening new accounts with the Fund.

Although the Fund attempts to limit disruptive trading activities, some investors use a variety of strategies to hide their identities and their trading practices. There can be no guarantee that the Fund will be able to identify or limit these activities. Omnibus account arrangements are common forms of holding shares of the Fund. While the Fund encourages financial intermediaries to apply the Fund's Market Timing Trading Policy to their customers who invest indirectly in the Fund, the Fund is limited in its ability to monitor the trading activity or enforce the Fund's Market Timing Trading Policy with respect to customers of financial intermediaries. For example, should it occur, the Fund may not be able to detect market timing that may be facilitated by financial intermediaries or made difficult to identify in the omnibus accounts used by those intermediaries for aggregated purchases, exchanges and redemptions on behalf of all their customers. More specifically, unless the financial intermediaries have the ability to apply the Fund's Market Timing Trading Policy to their customers through such methods as implementing short-term trading limitations or restrictions and monitoring trading activity for what might be market timing, the Fund may not be able to determine whether trading by customers of financial intermediaries is contrary to the Fund's Market Timing Trading Policy. Brokers maintaining omnibus accounts with the Fund have agreed to provide shareholder transaction information to the extent known to the broker to the Fund upon request. If the Fund or its transfer agent or shareholder servicing agent suspects there is market timing activity in the account, the Fund will seek full cooperation from the service provider maintaining the account to identify the underlying participant. At the request of the Adviser, the service providers may take immediate action to stop any further short-term trading by such participants.

TAX STATUS, DIVIDENDS AND DISTRIBUTIONS

Any sale or exchange of the Fund's shares may generate tax liability (unless you are a tax-exempt investor or your investment is in a qualified retirement account). When you redeem your shares you may realize a taxable gain or loss. This is measured by the difference between the proceeds of the sale and the tax basis for the shares you sold. (To aid in computing your tax basis, you generally should retain your account statements for the period that you hold shares in the Fund.)

The Fund intends to distribute substantially all of its net investment income and net capital gains annually in December. Both distributions will be reinvested in shares of the Fund unless you elect to receive cash. Dividends from net investment income (including any excess of net short-term capital gain over net long-term capital loss) are taxable to investors as ordinary income, while distributions of net capital gain (the excess of net long-term capital gain over net short-term capital loss) are generally taxable as long-term capital gain, regardless of your holding period for the shares. Any dividends or capital gain distributions you receive from the Fund will normally be taxable to you when made, regardless of whether you reinvest dividends or capital gain distributions or receive them in cash. Certain

dividends or distributions declared in October, November or December will be taxed to shareholders as if received in December if they are paid during the following January. Each year the Fund will inform you of the amount and type of your distributions. IRAs and other qualified retirement plans are exempt from federal income taxation until retirement proceeds are paid out to the participant.

Your redemptions, including exchanges, may result in a capital gain or loss for federal tax purposes. A capital gain or loss on your investment is the difference between the cost of your shares, including any sales charges, and the amount you receive when you sell them.

On the account application, you will be asked to certify that your social security number or taxpayer identification number is correct and that you are not subject to backup withholding for failing to report income to the IRS. If you are subject to backup withholding or you did not certify your taxpayer identification number, the IRS requires the Funds to withhold a percentage of any dividend, redemption or exchange proceeds. The Fund reserves the right to reject any application that does not include a certified social security or taxpayer identification number. If you do not have a social security number, you should indicate on the purchase form that your application to obtain a number is pending. The Fund is required to withhold taxes if a number is not delivered to the Fund within seven days.

This summary is not intended to be and should not be construed to be legal or tax advice. You should consult your own tax advisers to determine the tax consequences of owning the Fund's shares.

DISTRIBUTION OF SHARES

Distributor: Northern Lights Distributors, LLC, 4221 North 203rd Street, Suite 100, Elkhorn, Nebraska 68022-3474, is the distributor for the shares of the Funds. Northern Lights Distributors, LLC is a registered broker-dealer and member of the Financial Industry Regulatory Authority, Inc. ("FINRA"). Shares of the Funds are offered on a continuous basis.

Distribution Fees: The Trust, on behalf of the Fund, has adopted the Trust's Master Distribution and Shareholder Servicing Plan for Class A and Class C shares (each a "Plan" and collectively, the "Plans") under Rule 12b-1, pursuant to which the Fund may pay the Distributor an annual fee for distribution and shareholder servicing expenses of 0.25% and 1.00% of the Fund's average daily net assets attributable to Class A shares and Class C shares, respectively. There is no plan for Class I shares. Because these fees are paid out of the Fund's assets on an on-going basis, over time these fees will increase the cost of your investment and may cost you more than paying other types of sales charges.

The Distributor and other entities are paid under the Plan for services provided and the expenses borne by the distributor and others in the distribution of Fund shares, including the payment of commissions for sales of the shares and incentive compensation to and expenses of dealers and others who engage in or support distribution of shares or who service shareholder accounts, including overhead and telephone expenses; printing and distribution of prospectuses and reports used in connection with the offering of the Fund's shares to other than current shareholders; and preparation, printing and distribution of sales literature and advertising materials. In addition, the Distributor or other entities may utilize fees paid pursuant to the Plan to compensate dealers or other entities for their opportunity costs in advancing such amounts, which compensation would be in the form of a carrying charge on any un-reimbursed expenses.

Additional Compensation to Financial Intermediaries: The Distributor, its affiliates, and the Adviser and its affiliates may, at their own expense and out of their own assets including their legitimate profits from Fund-related activities, provide additional cash payments to financial intermediaries who sell shares of the Fund or assist in the marketing of the Fund. Financial intermediaries include brokers, financial planners, banks, insurance companies, retirement or 401(k) plan administrators and others. These payments may be in addition to the Rule 12b-1 fees and any sales charges that are disclosed elsewhere in this Prospectus. These payments are generally made to financial intermediaries that provide shareholder or administrative services, or marketing support. Marketing support may include access to sales meetings, sales representatives and financial intermediary management representatives, inclusion of the Fund on a sales list, including a preferred or select sales list, or other sales programs. These payments also may be made as an expense reimbursement in cases where the financial intermediary provides shareholder services to Fund shareholders. The Distributor may, from time to time, provide promotional incentives to certain investment firms. Such incentives may, at the Distributor's discretion, be limited to investment firms who allow their individual selling representatives to participate in such additional compensation.

Householding: To reduce expenses, the Fund mail only one copy of the Prospectus and each annual and semi-annual report to those addresses shared by two or more accounts. If you wish to receive individual copies of these documents, please call the Fund at 1-888-985-9830 on days the Fund is open for business or contact your financial institution. The Fund will begin sending you individual copies thirty days after receiving your request.

FINANCIAL HIGHLIGHTS

The financial highlights table is intended to help you understand the Fund's financial performance for the period of the Fund's operations. Certain information reflects financial results for a single Fund share. The total returns in the table represent the rate that an investor would have earned (or lost) on an investment in the Fund (assuming reinvestment of all dividends and distributions). This information has been derived from the financial statements audited by Cohen & Company, Ltd., the Fund's Independent Registered Public Accounting Firm, whose report, along with the Fund's financial statements which are incorporated by reference into the SAI, and are included in the Fund's September 30, 2019 annual report, which is available at no charge upon request.

(1) The Pinnacle TrendRating Innovative Equity Fund Class A, Class C and Class I shares commenced operations on December 3, 2018.

(2) Per share amounts calculated using the average shares method, which more appropriately presents the per share data for the period.

(3) Total returns shown are historical in nature and assume changes in share price, reinvestment of dividends and distributions, if any, and exclude the effect of applicable sales charges and redemption fees. Had the adviser not waived fees / reimbursed a portion of its expenses, total returns would have been lower.

(4) Represents the ratio of expenses to average net assets absent fee waivers and/or expense reimbursements by the adviser.

(5) Annualized.

(6) Not annualized.

PRIVACY NOTICE**FACTS** **WHAT DOES NORTHERN LIGHTS FUND TRUST III DO WITH YOUR PERSONAL INFORMATION?**

Why? Financial companies choose how they share your personal information. Federal law gives consumers the right to limit some but not all sharing. Federal law also requires us to tell you how we collect, share, and protect your personal information. Please read this notice carefully to understand what we do.

What? The types of personal information we collect and share depend on the product or service you have with us. This information can include:

- Social Security number
- Assets
- Retirement Assets
- Transaction History
- Checking Account Information
- Purchase History
- Account Balances
- Account Transactions
- Wire Transfer Instructions

When you are *no longer* our customer, we continue to share your information as described in this notice.

How? All financial companies need to share customers' personal information to run their everyday business. In the section below, we list the reasons financial companies can share their customers' personal information; the reasons Northern Lights Fund Trust III chooses to share; and whether you can limit this sharing.

Reasons we can share your personal information	Does Northern Lights Fund Trust III share?	Can you limit this sharing?

For our marketing purposes – to offer our products and services to you	No	We don't share
For joint marketing with other financial companies	No	We don't share
For our affiliates' everyday business purposes – information about your transactions and experiences	No	We don't share
For our affiliates' everyday business purposes – information about your creditworthiness	No	We don't share
For nonaffiliates to market to you	No	We don't share

Questions? Call (402) 493-4603

Who we are

Who is providing this notice? Northern Lights Fund Trust III

What we do

How does Northern Lights Fund Trust III protect my personal information?

To protect your personal information from unauthorized access and use, we use security measures that comply with federal law. These measures include computer safeguards and secured files and buildings.

Our service providers are held accountable for adhering to strict policies and procedures to prevent any misuse of your nonpublic personal information.

How does Northern Lights Fund Trust III collect my personal information?

We collect your personal information, for example, when you

- Open an account
- Provide account information
- Give us your contact information
- Make deposits or withdrawals from your account
- Make a wire transfer
- Tell us where to send the money
- Tells us who receives the money
- Show your government-issued ID
- Show your driver's license

We also collect your personal information from other companies.

Why can't I limit all sharing?

Federal law gives you the right to limit only

- Sharing for affiliates' everyday business purposes – information about your creditworthiness
- Affiliates from using your information to market to you
- Sharing for nonaffiliates to market to you

State laws and individual companies may give you additional rights to limit sharing.
